Immerse yourself in the past and witness historical events as if you were there. This unique experience can be found at three locations throughout the City of Calgary's Nose Hill, offering a glimpse into the rich cultural heritage of Indigenous peoples in the area.

Indigi**TRAILS** ECHOES OF THE PAST

"Our history is not just stories, it's a connection to our ancestors and a link to our future generations. It's a reminder of who we are, where we come from and the struggles we've overcome. Knowing our history helps us understand our place in the world and gives us the strength to continue fighting for our rights and our culture."

- Dr. Wilton Littlechild
