IndigiTRAILS: Winged Wisdom

Explore the world of Indigenous art and teachings with IndigiTRAILS: Winged Wisdom - an interactive exhibit featuring the birds of Treaty 7 and the wisdom of local Elders. Discover the spiritual significance of each bird, their symbolism in Indigenous stories, and the meaning behind why we should honour and respect each of them. Through augmented reality, visitors can witness the birds in flight and hear the teachings of the Elders. Join us on a journey of learning!

For more information on the IndigiTRAILS app, Winged Wisdom or other available trails, please contact the Urban Society for Aboriginal Youth (USAY) at 403-233-8225 or via email at info@usay.ca. You can also check out the USAY website at usay.ca or learn about this app at usay.ca/IndigiTRAILS

Explore the world of Indigenous art and teachings with IndigiTRAILS: Winged Wisdom. An interactive exhibit featuring the birds of Treaty 7 and the wisdom of local Elders, this trail will allow you to discover the spiritual significance of each bird. Learn about their symbolism in Indigenous stories, what they mean to the community, and why we need to honour and respect each of them. Through augmented reality, you can witness the birds in flight and hear the teachings of the Elders.

Indigi**TRAILS** WINGED WISDOM

*"We are here for a reason, and
birds are here for a reason. We are
all very special, and they have their
own way of living, and we have
ours, but there are times when we
need each other"*

- Elder Eric Crow Shoe
